

Shipping Policy — Brush & Bloom

Last updated: July 22, 2026

Processing Time

- Custom banners are hand-painted to order, with a standard turnaround time of **1–2 weeks** from the time your mockup is approved (not from the order date). Turnaround may run longer during busy seasons (graduation, holidays, etc.).
- Rush production is available as an add-on where offered, for an additional fee — this shortens painting time, not shipping time.
- Ready-to-ship banners typically ship/deliver faster since they are not custom-painted.

Shipping Time

- Once your order leaves our hands, delivery time depends on the shipping method selected at checkout and the carrier's own timeline.
- Estimated delivery windows will be shown at checkout and are separate from processing/production time above.
- **Please plan ahead for event dates!** We recommend ordering with enough buffer time to account for both production and shipping before your event.

Shipping Costs

- Shipping costs are calculated at checkout based on your location, package size/weight, and selected shipping speed.
- We are not responsible for delays caused by the carrier once a package has shipped.

Address Accuracy

- Please double-check your shipping address at checkout. We are not responsible for orders shipped to an incorrect address provided by the customer.
- If you notice an error in your address after placing your order, contact us as soon as possible — we cannot guarantee a change if the order has already shipped.

Lost or Damaged Packages

- If your tracking shows delivered but you haven't received your package, please check with neighbors/your local post office first, then contact us — we're happy to help you file a claim with the carrier.

- If your banner arrives damaged, keep all original packaging and contact us within 7 days of delivery with photos so we can assist with a carrier claim or discuss next steps per our Refund Policy.
- Once a package is handed off to the carrier, transit is outside of our control, but we'll always do our best to help resolve shipping issues.

Questions
